

Growing Disciples

What do you need to do?

- 1. First - decide if it is right for your church**
Discuss at a Church Meeting -
is your church in need of a resource to encourage it to grow
in a shared sense of purpose and in confidence?
- 2. Secondly - decide how many packs you need**
One pack (for only £5) includes the set of 5 booklets,
and as a church you will also be able to access
the additional sessions online and on the CD.
All who take part will need the booklets.
Packs can be ordered using the Order Form opposite.

- 3. Thirdly - it would help to have a Working Group**
The sessions are written so different people can lead them.
In fact, it would be better if a range of people have a go.
You will also need to choose from the options -
Discussion? Creative activity? Practical resource?
So set up a small group to plan how you will organise it.

- 4. Fourthly - plan your schedule**
Decide when to do the sessions - weekly, or monthly,
or maybe do Phases 1 and 2, then have a pause;
or include a whole day ... or whatever works for you!

- 5. If you need support - ask!**
